

## Meeting Notes

### **Amie Deng (Creative Director) → Brooke Adler (Designer/Developer)**

I could not meet with Brooke since she was not in class today. I will try to get in contact with her before the weekend so I can let her know about my direction for the site.

### **Cheryl Kao (Creative Director) → Amie Deng (Designer/Developer)**

We met to discuss about Cheryl's creative brief, and she had two directions she was considering; one was a more illustrative approach with colorful shapes and the other was a more editorial approach that incorporates images and display type. Cheryl was open to either direction, but I was interested in the editorial approach more, so I will be creating mockups for this direction.

We plan to meet to review my mockups over the weekend.
